

NEW INTRODUCTIONS OF HEUCHERELLA

The new Heucherella varieties have been protected by breeder rights in the USA and Europe. Asexual propagation is strictly prohibited!!!!

The new introductions of Heucherella, breeds of Heuchera x Tiarella- are no longer the thin-leaved plants of the past. The new ones now have the tremendous strength of the best Heucheras bred to the strongest Tiarella. The result? Vigourous, medium to large plants with strong leaf colours and great flowers. Jimmy Turner of the Dallas Arboretum(USA) has declared the Heucherellas as perfect plants for the hot climates as well for the Northern Hemisphere. Heat and drought tolerant as well as ultra hardy. Hardy up to minus 34 degrees Celcius.

Heucherella Brass Lantern Outstanding vigour combined with brassy gold and red Spring colour on maple shaped leaves. A beacon in the garden. This evergreen variety is very attractive as a landscape perennial in mixed beds under high branching shrubs or in a container. Spikes with white flowers on dark stems. Winter colour olive and brown. Foliage height: 50cm PPAF PVR

Heucherella Burnished Bronze Heucherella Burnished Bronze has large cut leaves with a glossy, burnished bronze finish. Top this off with starry, soft pink flowers on branched stalks and you have an amazing plant. Flowering re-blooms in the Summer as well. Height: 45cm. PP12159 EU13528

Heucherella Gunsmoke An amazingly vigorous silver veiled Heucherella. Lovely maple-shaped leaves with purple red tones on the new growth maturing to silver with dark veins. Dramatic enough to be a stand-alone in a modern container. Will grow in sun or shade. White flowers in early Summer. Foliage height: 40cm PPAF

Heucherella Solar Power The lobed yellow gold to lime green leaves are splattered with deep red. It forms a large mound of colour in sun or part shade. This heucherella takes higher light levels than any yellow Heuchera or Heucherella ever seen. When grown in full shade, however, it stays lime green with spatters of deep red. Height: 40cm. PPAF PVR

Heucherella Tapestry Stunning multicoloured and veiled foliage with free flowering stems of warm pink flowers. The dark-centred leaves are coloured blue green in Spring and Summer and change to green with dark centres in Fall and Winter. New leaves have blue iridescence. Foliage height: 25cm PP21150 EU2647
